TECHNICAL SKILLS

Programming
C#, Kotlin, C++ (DSA, OOP), Python, JavaScript

Web Development
ASP.NET, Django, HTML, CSS, JavaScript, MySQL

Mobile Development
Android (Kotlin, MVVM, Jetpack Architecture)

Databases
MySQL, Relational DB Design, SQL Queries

Tools & Platforms
Visual Studio, Android Studio, Git, GitHub, Figma

Embedded & AI
Face Recognition, Computer Vision, Embedded C

Design & Office
Photoshop, CorelDRAW, MS Office Suite

Typing Speed
65+ WPM (Government-Certified)

CERTIFICATIONS

Diploma in Computer Science
Government-Certified
Muhammadia College of Computer Science, Okara
2019 – 2020

LANGUAGES

English	Professional
Urdu	Native

INTERESTS

Software Architecture, Problem Solving, Cricket, Gaming, Gardening

GHULAM FAREED

BSSE GRADUATE • SOFTWARE DEVELOPER

PROFESSIONAL SUMMARY

Motivated Software Engineering graduate from COMSATS University Islamabad – Sahiwal Campus with hands-on experience in software development and Android application development. Currently working as a Software Development Intern at Ready2Solutions, gaining practical experience in ASP.NET, C#, JavaScript, MySQL, and web-based application development. Also experienced in Kotlin and Android development, with a strong foundation in Object-Oriented Programming, Data Structures and Algorithms, databases, and software engineering principles. Eager to contribute to real-world software projects and continuously grow as a software professional.

WORK EXPERIENCE

Software Development Intern **2026 – Present**
Ready2Solutions — Project: BusinessMarket.pk

- Working on the development of a B2B business portal for **BusinessMarket.pk**, transforming the platform into a dynamic and user-friendly portal.
- Developing dynamic pages, database-driven workflows, and user-side features using **ASP.NET, Visual Basic, HTML, CSS, JavaScript, and MySQL**.
- Contributing to backend integration, database management, UI development, and overall portal functionality.

PROJECTS

Chezious Website Clone (Django Project)
Technologies: Django, HTML, CSS, MySQL

- Built a full-stack clone of the Chezious website using Django, with custom HTML/CSS front end and Django's admin panel for backend management.
- Implemented a browsable product menu and an end-to-end order placement workflow connected to a MySQL database.

Online Grocery Supermart Android Application
Technologies: Kotlin, Android SDK, REST API, MySQL

- Developed a native Android grocery ordering app in Kotlin, integrated with a REST API and MySQL backend.
- Implemented user authentication, persistent data storage, product search, and end-to-end order management.

Face Recognition and Detection System (AI Hardware Project)
Technologies: Embedded C, Microcontroller Programming, Computer Vision

- Programmed a camera module to capture and process real-time images using computer vision algorithms.
- Built an automated door-access mechanism unlocking upon verified face recognition with embedded hardware integration.

EDUCATION

Comsats University Islamabad — Sahiwal Campus **2022 – 2026**
Bachelor of Science in Software Engineering (BSSE)

Aspire Group of Colleges, Okara Campus **2020 – 2022**
Intermediate (FSc Pre-Engineering)

Satluj Boys High School, Okara **2018 – 2020**
Matriculation (Biology)
